Trustees' Report (including President's Report)	2 to 10
Independent Auditors' Report	11
Statement of Financial Activities (including Income and Expenditure Account)	12
Balance Sheet	13
Notes to the Accounts	14 to 20

The trustees present their report and the audited financial statements for the year ended 31 December 2015. The financial statements comply with the Institute's Charter and Bye-laws, the Charities Act 2011 and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Ireland (FRS 102) which was effective from 1 January 2015.

Purpose

Our Royal Charter states our purpose is to "promote, encourage and co-ordinate the study and advancement of the science and art of transport and logistics in all its forms".

Activities

To achieve our purpose we provide knowledge on a worldwide basis to people entering, working and connected with the logistics and transport professions. Our members work in a number of areas including global supply chains, freight transport, passenger transport, international trade and infrastructure and planning. Their professional activities utilise multiple modes of transport, engage with commercial and public sector organisations and cross international borders. All of them play an important part in the design, implementation, operation and optimisation of networks and services for the time related positioning of resources. Our members gain knowledge by pursuing accredited professional educational programmes that lead, with appropriate management experience, to recognised professional qualifications.

We seek to;

- Supply excellent people throughout their career to our professions
- Share best practice with fellow professionals
- Support lifelong learning with continuing professional development
- Work with accredited educators and trainers to provide learning and practical research
- Promote holistic logistics and transport policy to shape our communities and economies

We do this by;

- Having stimulating meetings, lectures, exhibitions and visits
- Distributing useful information promptly in a variety of formats
- Building an international network and facilitating beneficial links between members
- Encouraging energetic young members
- Celebrating our members' successes

Status and trustees meetings

CILT is an incorporated charity governed by its Royal Charter and Bye-laws. It is registered as a charity in England and Wales, registered number 313376. The trustees of CILT, appointed by the Council hold the following offices: President, two UK domiciled Vice Presidents, Honorary Secretary, Honorary Solicitor and Honorary Treasurer. The trustees must meet a minimum of once a year, but in practice meet at least quarterly. The governing documents of CILT are its Royal Charter and Bye-Laws. Changes to these documents require the approval of the Privy Council, subsequent to the agreement of the voting members of CILT. The Royal Charter was granted in 1926. The bye-laws were most recently revised in April 2010.

The supreme governing body of CILT is the Council, known as the **Council of Trustees (CoT)**, which comprises the President, the President-Elect, two International Vice Presidents resident in the UK, the Honorary Treasurer, Honorary Solicitor and Honorary Secretary and the Chairmen of the three standing committees of CILT, namely the International Council, the International Management Committee and the International Audit Committee.

CoT appoints the President and President-elect, each of whom serves a two year term of office and also approves the appointment of the International Vice-Presidents, who ordinarily serve a three year term, which the CoT may agree to extend.

The trustees maintain an up-to-date knowledge of the responsibilities of being a charity trustee and serve without remuneration. CILT carries indemnity insurance in respect of their role as trustees. CILT's liabilities are limited in the Charter and Bye laws to the level of £1 per member.

International Council

International Council comprises representatives of the Territorial Organisations (TOs) and International Branches (IBs) established around the world. The International President chairs the International Council. It is the forum for the representatives of all members of CILT to;

- Develop CILT's global strategy
- Establish professional membership and ethical standards
- Establish international standards for professional education and continuing professional development
- Confirmation of the appointments of the Council of Trustees.

It meets once a year at CILT International Convention.

International Management Committee (IMC)

IMC is charged with implementing the strategy developed by the International Council and ensuring the effective administration of CILT's day-to-day business. IMC comprises the President and President-elect, the International Vice Presidents and the Honorary Officers. The Secretary-General is a non-voting member of IMC. IMC must meet a minimum of twice per year but in practice meets quarterly.

International Audit Committee (IAC)

IAC is charged with the oversight of CILT's activities to ensure they meet the requirements of charity law, financial management best practice and comply with statutory accounting requirements. It is also responsible for the management of CILT's funds and investments. IAC meets minimum of twice per year in addition to meeting the CILT's auditors. In practice the meetings reflect the cycle of meetings of trustees and IMC.

The International Secretariat

The CoT also appoints a Secretary General, who is the senior executive officer of CILT. The Secretary General is charged with managing the affairs of CILT and the Secretariat and is accountable to the CoT.

Significant support is provided by certain territorial organisations, namely;

- CILT(UK) which provides finance, treasury, company secretary, legal and marketing services
- CILT Ireland which administers education activities worldwide.
- CILT Hong Kong which manages the administration of membership worldwide.

The other principal officer is the Director of Finance, who is the Director of Finance of CILT(UK). In this capacity, he reports to the Secretary-General and attends meetings of the IMC and IAC.

The International Family

CILT has members working in more than 100 countries. There are like minded organisations formed by our members in over 30 countries. These are either territorial organisations or branches formally recognised by the Council of Trustees. They are responsible for representing the interests of CILT and its members in the relevant territory.

The delegated powers and responsibilities of the territorial organisations are set out in CILT's bye-laws. These organisations are legally and financially independent of CILT. However, the trustees retain the power to withdraw recognition should the conduct of the territorial organisation be in breach of, or inconsistent with, CILT's Royal Charter and Bye-laws.

CILT Branches are established by resolution of the Council of Trustees, which will determine the nature and extent of any delegation of powers on a case-by-case basis, with the Secretary-General having oversight of their activities.

Both the Territorial Organisations and CILT Branches may use the word "*Chartered*" in their name and use the international brand and logo of CILT, subject to the Bye-laws.

Public Benefit

In setting the objectives, planning the activities, and reporting on the performance of the charity the trustees have given careful consideration to the Charity Commission guidance on public benefit. Efficient logistics and transport operations have a positive impact on all our communities. Mobility facilitates trade, provides access to services and improves communications. By disseminating knowledge about logistics and transport we have a constructive influence on communities, business and social activities.

We also ensure our members, and the communities we serve, are more aware of the responsibilities our professions bear for the environmental impact of logistics and transport activities and the contribution we can make to sustainable development – maximising efficiency to minimise carbon footprint and costs.

At the end of 2015 there were 3,000 registered students studying CILT International Professional qualifications, short courses, endorsed programmes and other training associated with CILT. In addition, CILT supports Aspire, a careers foundation which provides financial support to those who would otherwise be unable to access professional development education in Logistics and Transport. Aspire is administered as part of CILT(UK).

Risk Management

CILT's strategic review has produced a plan setting out the major opportunities available to the charity and the risks to which it is exposed. The Trustees monitor progress against the strategic objectives set out in the plan that is reviewed annually. As part of this process, the Trustees have implemented a risk management strategy that comprises:

- A biannual review of the risks which CILT may face;
- The establishment of systems and procedures to mitigate identified risks; and
- The implementation of procedures designed to minimise any potential impact on CILT should any of those risks materialise.

The Trustees consider that their policies are sufficient to manage and provide for CILT if adverse conditions were to occur.

Trustees' Responsibilities Statement

The trustees are responsible for the preparation of financial statements for each accounting year that give a true and fair view of the state of financial affairs of CILT as of the end of the year, and of the result for the year.

In preparing those financial statements the trustees are required to:

- Select suitable accounting policies and then apply them consistently
- Make judgements that are reasonable and prudent
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements
- Prepare the financial statements on a going concern basis unless it is inappropriate to presume that CILT will continue in business.

The trustees consider that they have complied fully with these requirements in preparing the financial statements on pages 13 to 19. The trustees have responsibility for ensuring that CILT keeps accounting records which disclose with reasonable accuracy the financial position of CILT at any time and which enable them to ensure that the financial statements comply with the Charities Act 2011 and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102). The trustees have general responsibility for taking such steps reasonably open to them to safeguard the assets of CILT and to prevent and detect fraud and other irregularities. The trustees have taken all the necessary steps to make us aware, as trustees, of any relevant audit information and to establish that the auditors are aware of the information.

Financial Review

The net expenditure for the year of £39,000 arose mainly from two contributory factors – the trustees' decision to assume responsibility for the annual convention in Dubai and an increased investment in the design and functionality of the CILT website. These two areas of cost were monitored throughout the year and risks assessed at regular stages. The inclusion of the Annual Convention in the results for the year increases both the reported income and costs of charitable activities. The other significant feature of the income and expenditure account is the increased investment in educational development and the improved resourcing of our education systems.

Despite challenging market conditions at certain points in the year, investments maintained income and capital growth in line with the appropriate benchmarks used by the trustees to assess performance.

Reserves Policy and Unrestricted Funds

Unrestricted funds, represented by the General Fund, are those utilised by the trustees without specific conditions imposed upon them except for the imperative that they are used for the furtherance of CILT's charitable objectives.

These funds represent the free reserves of the charity. The trustees have considered the appropriate level of free reserves together with the incidence of costs within the General Fund.

The trustees have decided that free reserves will be targeted to fall within an acceptable operating range of a minimum of the equivalent of six month's annual expenditure and a maximum of the equivalent of two years' annual expenditure as disclosed in the latest audited accounts.

The current level of £225,000 falls just outside operating range above but given the nature of exceptional items of expenditure which have fallen within 2015 the trustees consider this level of free reserves to be sufficient for the continuing operations of the charity.

The trustees note that the level of free reserves are instantly convertible into cash should the needs of the charity require this, and that annual approved budgets are geared towards operating within the prescribed range.

Website

The trustees are responsible for the corporate and financial information included on the CILT website.

Endowment Funds

In November 2002 The Charity Commissioners for England and Wales approved a new endowment fund for CILT. Like its predecessors income from the fund is used in the furtherance of CILT's principal charity objective of education. Further details are set out in Note 9 to the accounts. Investec Wealth and Investment have managed CILT's investments since September 2011.

Investment Power and Policy

Our Royal Charter or Bye-laws do not restrict CILT's investment powers. We have granted discretionary powers to the investment manager, Investec Wealth and Investment.

The investments are classified as fixed assets and are held to provide income to CILT with medium risk. To achieve this objective the fund manager now holds two diversified portfolios of suitable investments. Changes in the investment portfolio are set out in Note 6 to the accounts.

Auditors

A resolution to reappoint Mazars LLP as auditors will be proposed at the forthcoming Annual General Meeting.

President's Report

The President's Report on pages 8 to 10 forms part of this report.

By order of the trustees

Stephen Rinsler
Secretary to the trustees

2015 was a successful year for the Institute. Building on the legacy of being 'Stronger Together' put in place by our outgoing President Dr Dorothy Chan we have continued to make substantive progress under our 5 year strategy of building up Capability and Governance and in doing so put in place a growth agenda that places the Chartered Institute at the forefront of both voice and professional development across our 8 core sectors of activity.

The new brand has continued to unite the Institute in existing and new countries and our specialist initiatives of engaging globally on women's issues in our sectors of activity and young persons groups has delivered both membership growth and exciting programmes of development across both Africa and Asia.

As in previous years we have had changes in our officers both in the centre and across our territories and branches. I was absolutely delighted to welcome Kevin Byrne as President Elect and in taking on the Chairmanship of our International Management Committee (IMC) in its new strategic guise has already contributed to significant progress. In doing so he passed the baton of our Education Committee (IMESC) to Jan Steenberg (IVP UK) and we have a clear global education strategy that our Countries have welcomed and will drive the impact of our charitable and chartered status globally.

It is with sadness that we acknowledge the passing of Mr Fesshaye Girmay President of Ethiopia who passed away suddenly in August. Fesshaye was a delightful man who was always smiling and truly engaged with all the ideals of our Institute, he will be sadly missed. We also had the sad loss of Major Henry Imbula in December, a past President and major driver of creating education opportunities for many in Zambia.

We have individuals whom we gratefully acknowledge their tremendous contributions as they retire from key positions in the Institute. I would like to pay particular tribute to Steve Agg FCILT who retired at the end of 2015 from his role as Chief Executive of the UK. I had the privilege of working with Steve over his full 10 year tenure and he was always a supporter of strengthening the relationships in our International offering. Steve was instrumental in creating with the International team the new global branding that has resulted in a single face of the organization globally. We wish him well in his retirement.

Growth and performance

Membership in the year between June 2014 and June 2015 grew by 6 % globally with the growth being strongest in the UK, Ireland, Nigeria and Malaysia. In 2015, we saw the establishment of a new branch in Ukraine and the elevation to territorial status of CILT China from the first day of the year. We undertook the development of new strategies for India and North America with a re-energized Africa Forum under the leadership of General Umaru Usman from Nigeria. It is essential for the long term sustainability of our Institute that our regional groups support one another and that our main territories support their close neighbouring branches as they develop with both guidance and resources.

We continue to invest in bringing our regional groups more closely together and are targeting partnerships in both Europe and South America that will allow members who are based in those regions or who are developing solutions there to access both professional networking and continuing professional development for themselves and their wider teams.

Overall our growth strategy has worked well in the planned development areas of Young Professionals and Women in Logistics and Transport. Our Young Professionals continue to engage quickly and easily with their peers and their events continue to attract both the younger professional and those who are somewhat more mature in equal measure. The YP committee continues to drive for new ways of making our Institute truly relevant for those under 35 and has a particularly appropriate focus on those just starting out in their career. I would like to recognise the work of both Elliott Price and Emma Ross in developing key relationships globally and it will be good to see our new technology platform joining together our YP's globally in 2016.

Aisha Ibrahim continues to lead Women in Logistics and Transport (WiLAT) in its growth agenda and continuing the amazing successes of 2014 has now formed WiLAT in 16 countries: Gambia, Ghana, Hong Kong, India, Ireland, Malaysia, Mauritius, Middle East, Nigeria, Pakistan, Singapore, South Africa, Sri Lanka, Tanzania, Uganda, and Zambia.

Capability

Building on the work started in 2014 our International Membership Standards Committee issued a complete new set of guidelines at the International Convention in September. These guidelines ensure we have true global consistency in our application of professional standards as this upholds our Chartered status and allows member countries to act with confidence to ensure the leading position we have established in our sectors in nearly 100 years of activity will be maintained for the long term future.

The development of our global educational capability remains a primary focus and our International Education Standards Committee produced a strategy paper for the Convention to consider which was then discussed and built upon before being approved by the IMC and Council of Trustees for distribution.

Following agreement in 2014 to set up a Support Services Committee and consider further how we can support Territories and Branches to enhance their capability through our 'Branch-in-a box' capability strategy we have seen good progress in 2015. The strategy that called for the capability to enable local committees to form branches, deliver our charitable aims and uphold our Charter through the implementation of a standardized and efficient ways of working has been very successful. We are able to offer solutions for Territories and Branches containing membership information, financial process, audit measures and best practices guide. This has been built off a new web based platform which should enable us now to engage in global dialogues in both open and closed groups and allow members globally to access interest groups within and across their fields of expertise. This is an Institute of the 21st Century setting a standard for development their strengths together.

2015 Convention

The annual convention was held between 13 and 17 September in Dubai and for many it marked a real focus for the Institute's activity in the Middle East and a support for the re-launched UAE branch. The convention was attended by over 200 delegates and the convention was supported by the CEO Dubai Trade, Mahmood Al Bastaki and built on the 2014 convention where we had an integrated programme of global expert speakers and Institute activities and the sharing of best practice. For the first time the majority of the organisation was undertaken by the Secretary General Keith Newton with a central supporting team and I would like to thank Keith and the team for delivering with the aid of CILT UAE a really excellent event.

To recognize his contribution to the Institute, the Pegasus Awards were given to retiring IVP Robin Dunlop of New Zealand who held the position of IVP for Australasia for the 5 years and lead the formation of the International young professional group as well as actively supporting the development of our International strategy.

The convention also provided the opportunity to present the Young Achiever Award to Isabella Austin from the UK. Certificates were also presented to CILT China a Territory and to CILT Ukraine, the newest Branch.

Institute at the Forefront of Policy

Our Territories and Branches share the Institute's vision to be the first choice professional body for people in supply chain, logistics and transport and we are all working hard to offer better services to members and to advance new ideas for the industry. We have been delighted to see the level of engagement that many Territories and Branches have enjoyed with national governments across the globe. There have been policy initiatives in many countries and both the President and the Secretary General have been asked to contribute to this global debate; this is a true reflection of the standing of the Chartered Institute and something of which members should take pride.

During 2015, combining visits made by the President, President Elect, International Vice Presidents and Secretary General, we have visited members in China, Tanzania, Hong Kong, India, Ireland, Macao, Mauritius, Malaysia, New Zealand, North America, Pakistan, Oman, South Africa, Sri Lanka, the UAE and United Kingdom; we have also made exploratory visits to Cameroon, Thailand, Indonesia and Ethiopia. Our Secretary General also received visitors from Ukraine, Nigeria, Kenya, China, New Zealand, North America, Hong Kong, Pakistan and Mauritius.

Moving faster, securely, to a new level of capability

Our Stronger Together strapline has created a new platform for CILT members to focus globally on helping one another to achieve more. In many countries we are the first choice professional body in Supply Chain, Logistics and Transport with both government recognition and high level academic support. With the exciting developments across Logistics and Transport groups for WILAT and YP's as well as our ability to deploy best practice rapidly through our new technologies

The economic challenges globally over the last 5 years have meant that many of the more established economies have looked to global trade sales to continue their own growth. This has brought an exciting era for organisations such as CILT which support standards of excellence that are globally in demand.

We believe CILT is becoming globally more relevant as our education products are sold on 7 continents and our partners continue to develop new markets. We will continue to offer the education products developed by countries, once made available for all International markets and we will start to offer these in multiple languages.

Looking Forward to 2016 and beyond

2016 brings an Africa Forum conference held in Mauritius and our International Convention in Montreal in May, we also have our regular China convention to be held in October. All of these feature a 'regional' theme but carry an international speaker panel and are open to delegates across the world.

It is clear now that trade delegations from our representative governments value the connectivity that CILT brings and are starting to become regular attendees at our major regional and international conventions. It is the intention to keep developing both our regional and global offer and our connectivity with senior members, government ministers and key global stakeholders to increase both our reach and the depth of our activity.

The work as President of our Institute carries many privileges and connecting with our global family of 34 countries and representing over 33,000 fellow professionals is a great honour. I am constantly amazed by the level of passion and commitment that our volunteers give to our Institute and we will through these good offices succeed in achieving our goals. As we approach 100 years of activity the need to be vigilant in upholding standards professionally and through our education offering becomes ever more important.

President**

INDEPENDENT AUDITORS' REPORT TO THE TRUSTEES

We have audited the financial statements of The Chartered Institute of Logistics and Transport for the year ended 31 December 2015 which comprise the Statement of Financial Activities, the Balance Sheet, and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Respective responsibilities of trustees and auditors

As explained more fully in the Trustees' Responsibilities Statement set out on page 4, the trustees are responsible for the preparation of the financial statements which give a true and fair view.

We have been appointed as auditor under section 144 of the Charities Act 2011 and report in accordance with regulations made under section 154 of that Act.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors. This report is made solely to the charity's trustees as a body. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's trustees as a body for our audit work, for this report, or for the opinions we have formed.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at www.frc.org.uk/auditscopeukprivate.

Opinion on the financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 31 December 2015 and of its incoming resources and application of resources, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Charities Act 2011 requires us to report to you if, in our opinion:

- the information given in the Trustees' Report is inconsistent in any material respect with the financial statements; or
- sufficient accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

1. Accounting policies

The principal accounting policies adopted, judgements and key sources of estimation uncertainty in the preparation of the charity's financial statements are as follows:

Basis of preparation

The financial statements have been prepared in accordance with the Charities Act 2011 and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102). The date of adoption of FRS 102 was 1 January 2014 and it is reflected in the comparative figures.

The charity meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy.

Reconciliation with previous Generally Accepted Accounting Practice (GAAP)

In preparing the financial statements the trustees have considered whether in applying the accounting policies required by the Charities SORP (FRS 102) and FRS 102 for the first time the restatement of comparative items was required. The trustees did not consider that any restatements were required.

In accordance with the requirements of FRS 102 a reconciliation of opening balances and net income is provided with the net income under previous GAAP adjusted for the presentation of investment gains as a component of reported income:

Reconciliation of reported net income:

	£000
Net income as previously stated	16
Adjustment for gains on investments now treated as a component of net income	25
2014 net income as restated	<u>41</u>

Preparation of the financial statements on a going concern basis

The financial statements have been prepared on the basis that the charity is a going concern. The trustees consider that there are no material uncertainties on the charity's ability to continue its activities for the foreseeable future. They have approved a detailed income and expenditure budget for 2016, the charity has a regular stream of income and its reserves policy means that it will be able to meet its obligations and have sufficient time to mitigate against any unforeseen circumstances.

Income

Fees are taken into account when received and fees in advance are carried forward. Other turnover is based on receipts from services invoiced. Interest receivable on funds held on deposit is included when receivable and the amount can be measured reliably. This is normally when the charity is notified of the interest paid.

Expenditure

All expenditure is recognised in the Statement of Financial Activities on the accruals basis and has been classified under headings that aggregate all costs related to the category. Cost headings include the irrecoverable VAT attributable to that particular activity.

Investments

Investments held as fixed assets are a form of basic financial instrument and are initially recognised at their transaction value and subsequently stated at their fair value at the balance sheet date using the closing quoted market price. Income arising from investments is recognised as it arises and allocated to the appropriate fund on a proportionate basis agreed by the trustees. The Statement of Financial Activities includes the net gains and losses arising on revaluation and disposals throughout the year, again allocated to the appropriate fund on a proportionate basis agreed by the trustees. The charity does not acquire options, derivatives or other complex financial instruments.

Fund accounting

Unrestricted funds are charitable funds without any specified purpose and can be used in accordance with the charity's objects. The Endowment fund is used for the specific purpose of advancing education in the fields of logistics and transport by the provision of funds for educational purposes.

Expenditure

All expenditure is recognised in the Statement of Financial Activities on the accruals basis and has been classified under headings that aggregate all costs related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources. Costs of generating funds are resources used by the charity to provide membership services, including costs relating to the Director General and Vice Presidents, and other business costs. The apportionment and allocation of costs under governance costs follow recommendations included in the SORP. Cost headings include the irrecoverable VAT attributable to that particular activity.

Debtors and accrued income

Debtors and accrued income are recognised where the charity has a reasonable expectation of realising an amount due from a past event where that amount can be measured or estimated reliably. Debtors and accrued income are normally recognised at their realised amount.

Cash at bank and in hand

Cash at bank and in hand includes cash and short term bank deposits.

Foreign currencies

Foreign currency transactions are translated at an average rate for the day. Assets and liabilities, expressed in foreign currencies, are translated at the rates of exchange prevailing at the balance sheet date. Exchange gains or losses are charged or credited to the Statement of Financial Activities

Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount.

Financial instruments

The charity only has financial assets of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

The fund manager has consolidated the General and Endowment Funds. Thus providing total investment funds which allows individual investments at a level which improves the opportunity to maximise individual investment choices whilst reducing overall transaction costs. The financial integrity of General and Endowment funds has been maintained by setting a mechanism for the dividing the value of investments based on the respective value of portfolios. This was last set in January 2013. At this time Endowment Funds represented 59% of total investments and General Funds 41%. These percentages have also been used to determine the apportionment of Investment Income as well as losses and gains. The investments attributed to the individual funds are as follows:

	2015 £000	2014 £000
General Fund	312	309
Endowment Fund	449	445

On 5 November 2002 The Charity Commissioners for England and Wales approved a new endowment fund for CILT, the Education and Endowment Fund. The object of the fund is to advance education in the field of transport and logistics by the provision of scholarships and prizes, lectures, libraries and such other educational facilities and activities as shall be considered appropriate by the trustees.

The fund was established to give CILT more flexibility in the use of the resources available from endowments, both past and present, while continuing to respect the wishes of past donors. It is managed by CILT's trustees and the Audit and Finance Committee which in turn is advised on awards and prizes by a specialist sub-committee.
