

President's Message

It is a milestone in the history of Chartered Institute of Logistics and Transport, Bangladesh Council, to look forward with its newly organized website, which started its journey in 1998 with a group of enthusiastic personalities of the concerned sectors, under the leadership of Admiral M H Khan (now deceased), former Chief of Staff Bangladesh Navy. Subsequently, CILT, Bangladesh had to undergo a number of hurdles in forward journey in delivering visible support to the logistics and transport sector of our country. It was a golden event in the history of CILT Bangladesh when Syed Rezaul Hayat a legendary figure in the Civil Service of Bangladesh, a former Permanent Secretary, took over as its President during early 2010, who under his wise and dedicated leadership took this organization to a prestigious height involving various business and commerce chambers, Ministries of Shipping, Communication, Local Government etc. After the death of Mr. Rezaul Hayat The helm was under leadership of Mr Karar Mahamudul Hasan, Former Secretary, Ministry of Communication, GoB. I was elected as President of CILT Bangladesh Council last year and hope to take the CILT to a newer height with the best tradition and the cooperation all our members at home and abroad.

We dealt with the challenge of COVID 19 by assisting our government's effort to raise awareness among people of the importance of social distancing and use of masks. The effect of government's effort is clearly visible as in spite of such large population the rate of infection and number of deaths remains low.

Thank you.

Mohiuddin Abdul Kadir, FCILT
President, CILT Bangladesh Council

About Us

We are the Leading International Professional Body for everyone who works within Supply chain, Logistics and Transport.

Our History

At the Savoy Hotel in London on 3 November 1919 a group of senior Transport professionals met, determined to change the world of Logistics and Transport. In the First World War they had seen the failures of moving goods and vehicles. Then in peacetime they wanted to create a professional body that would make a difference and set new standards. The Institute of Transport was born.

How we progressed

The group's initial aims were to improve Transport efficiency, enable Transport integration, and encourage talent development in the Transport industry. Aims that we still strive to achieve today. In 1926 we were granted a Royal Charter by King George V with himself as the Patron and the Prince of Wales as the Honorary President. The Institute grew in importance and influence across the world. We established territorial organizations in ten countries and in 1971 were granted the name of the Chartered Institute of Transport by Queen Elizabeth II. In 2001 we became the Chartered Institute of Logistics and Transport as the two leading professional bodies joined together. Now Chief patron is HRH The Princess Royal and Mr. Dato' Ts Abd Radzak Abd Malek FCILT is the President of CILT International. International Convention 2020 which was due to be held in Perth, Australia from 18 – 21 October has now been rescheduled. This decision is part of a series of precautionary measures being implemented by CILT in response to the impact of COVID-19.

Where we are today

With the wider representation now, we are involved in every Logistics and Transport sector. We are focused on the original 1919 Institute aims of developing the science and art of Transport and Logistics. We do this through talent development and professional education throughout the world. As a family of professionals, we come together in our annual International Convention in a different Global location each year.

There we reflect our aims and plan our future. The vision of those first Savoy Hotel pioneers lives and breathes and continues to shape our world today. With a Global membership of over 35000 in 100 countries CILT is present in 35 countries across the Globe, providing a professional identity to those in the ever-expanding Logistics and Transport sector.

Our Vision

To be recognized globally as the first-choice professional body for Supply Chain, Logistics and Transport.

Our Objective

To promote, encourage and co-ordinate the study of the science and art of Logistics and Transport in all its branches through our Membership and educational qualifications.

Why you need to get to know us

Transport and Logistics are the key enablers for the world's economic development and prosperity. They dictate how you get to your destination, how you get your products, how you meet your customer order, how you do your business.

The Chartered Institute of Logistics and Transport (CILT) support the professionals who plan the roads, drive the trucks, bring in the raw materials, and store the goods safely. We are the leading International voice for supply chain, Logistics and Transport.

What we do

We create the right programmes and set the right goals. We are seen as the leading professional body globally by those both within and outside our profession.

Our plans: We are creating a strong model for growth based on regional development. We are adding new country branches and identifying key markets for expansion.

Our services for our members: We are passionate about our education and membership services. We strive to strengthen and improve them. We share best practice and learnings throughout our Global family and encourage participation and advancement at all levels.

Our people: We aim to give robust and positive leadership of the Institute. We have created a talented team to further develop our organization.

What you see

These principles drive our behaviors.

- Embracing Global Leadership – we think and act as Global leaders of our profession and our industry
- Demonstrating Professionalism – we set high standards in the Logistics and Transport arena and we adhere to them
- Encouraging Diversity – we actively seek engagement from all in our industry whatever their skills, age, gender or nationality
- Being Passionate – our vibrant energy and progressive attitude are keys in our drive for growth
- Becoming a Family – we are 'Stronger Together' as a membership body and as a leader in our industry. We act like a Global family

The Chartered Institute of Logistics and Transport, Bangladesh Council
